Owner Cindy Gallop aimed to create the ultimate New York bachelorette pad, with open bathroom, sleeping quarters and a daring all black colour scheme. At front, shiny mosaics encase the spectacular raised bath, which can be screened from the living areas and bedroom by a double-sided curtain. Behind, Gallop's custom-made Moderno bed fitted with Gucci bed linen. The 'Melampo' wall-mounted bedside lights are by Artemide. Artworks are by artist Paul Richard. Gallop's antique mirror found in London creates a striking counterpoint to the walls, painted in glossy black. Details, last pages.
