### Food News

#### SEACHANGE

Unrefined, unbleached, Australian Sea Salt is extracted from the Great Australian Bight and crystallised by the sun and wind, retaining all the trace elements that occur naturally in seawater. It is available, in crushed or granular form, from gourmet food stores; phone orders (02) 8394 9854. Serve it in a simple stainless steel dish (around \$85) by Perth-based design company ALLOY. Tel (08) 9279 8855 for retail outlets.
